

# Modernize healthcare delivery with Chromebook Plus

Chromebook Plus with Intel® Core™ Ultra Processors are powerful, secure, affordable devices designed to meet the needs of your healthcare organization.

## Tools to enhance team productivity

With **2X** the power, speed, memory, and storage, and built-in AI features to enhance creativity and collaboration, your team is empowered to do their best work.\*

## Built-in, not bolted-on, security

With devices that have never had a virus and **ZERO reported ransomware attacks**, your data is secure.\*\* ChromeOS devices have **24%** fewer security attacks and a **29%** efficiency gain for IT security teams.<sup>1</sup> In fact, ChromeOS is the most secure OS out of the box when contrasted with macOS and Windows 11.<sup>2</sup>

## Get more done with less cost

With devices that have a **245% ROI** over three years and are lightweight, portable, and secure—with long battery life—your people can work from anywhere and you could **reduce your total cost of ownership**.<sup>1</sup>

## Work effectively, online or offline

No Wi-Fi, no problem with **File Sync**. Available with Chromebook Plus, File Sync **automatically syncs** files to File Manager, so Google Docs, Sheets, and Slides are always accessible—even when offline.
