A smarter experience for every user

Power your teams to excel and work in their preferred ways with three exclusive experiences on Lenovo ThinkPad® X9 Aura Edition Series devices, imagined with Intel.

Smart Modes

Empower your teams with personalized settings that ensure every user can block out distractions and maximize productivity throughout the day.

Smart Care^{1,2}

Prevent IT issues whenever they arise, with live 24/7/365 virtual support, available on both mobile and PC alongside personalized self-help.

Smart Share

Remove barriers between phone and laptop through multi-device connectivity for Android and iOS phones. Your users can simply tap their phones to their PCs to seamlessly share content.

¹A valid Lenovo Support Services contract is required to unlock all features.

²Optional program; limited global availability.

A new era of AI devices, co-created and tuned with Intel

Access next-generation use cases and AI workloads

Equip every user to achieve more in their day-to-day, with the unstoppable performance of Intel® Core™ Ultra 7 processors.

Unlock greater performance and exceptional AI experiences

Intel® AI Boost (NPU) offloads AI processing to free up CPU performance, while improved power efficiency and localized PC unleash impressive onboard Copilot+ PC and generative AI experiences, even when offline or on the go.

Accelerate productivity and enhance creativity

With a built-in Intel® Arc GPU, every user can tap into powerful AI capabilities and maximize their potential with today's most advanced creation software.

Keep every business secure

Keep your business secure against threats with robust below-the-OS protection from Intel vPro® Security.

Ready-to-deploy AI PC solutions start here

Lenovo's AI PC Services are built to simplify, accelerate and enhance your adoption journey for Lenovo ThinkPad® X9 Aura Edition Series devices, imagined with Intel.

Lenovo AI PC Fast Start Services

Get hardware, software and expertise to de-risk your adoption, accelerate success and unlock value from AI PCs at scale, including:

- Personas and use-case identification
- ProvisionNow
- Copilot Adoption Services

Lenovo AI PC Lifecycle Services

Access end-to-end solutions that streamline your digital transformation and maximize the potential of your AI PCs, including:

- Lenovo Premier Support Plus
- Lenovo CO₂ Offset Services
- Lenovo TruScale Device as a Service (DaaS)

Excel in the new AI era with the game-changing Lenovo ThinkPad® X9 Aura Edition Series
