

Optimize work with smarter tech

Upgrade to Lenovo devices powered by AMD Ryzen™ Business Processors and Windows 11 Pro.

Ultimate productivity

Lenovo's ThinkPad T14 and P14s Gen 5 laptops are powered by AMD Ryzen™ PRO 8040 series Business Processors with built-in Ryzen™ AI. Engineered on the Windows 11 Pro platform, these laptops bring the power of generative AI to your PC.

Unparalleled power

Leadership performance is within reach with AI PCs powered by the world's fastest x86 processor. Lenovo ThinkPads T14 and P14s Gen 5 powered by AMD Ryzen™ AI deliver up to 72% faster performance—while consuming 84% less power.²

Unmatched battery life

Get excellent battery life for uninterrupted productivity on the go. With more than 13 hours of average total run time, AMD Ryzen™ AI processors are tailored to excel across your Windows 11 Pro applications.¹

Built for professionals

The AI PC is here! Transform your workforce and empower your business with world-class security & manageability. Partner with AMD, Lenovo and Microsoft today.

Upgrade today!

Windows 10 support ends in 2025. Don't wait to make the switch! Upgrade today to dodge inventory snags and future-proof your business, fast.

Make your power move

Advance your business with Lenovo ThinkPads powered by AMD Ryzen™ AI and Windows 11 Pro
