

# LEVERAGE AND OPTIMIZE YOUR MICROSOFT INVESTMENT

## Connection Microsoft Security Stack Optimization

With Connection's Cybersecurity and Compliance Services, you get a comprehensive set of cybersecurity and ongoing compliance services that are integrated into one effectively managed program. A common outcome for our customers is reduced costs associated with security architecture and services.

### Organizations are Under Pressure to Meet One or More of the Following Goals:

- **Improve Security:** Get best-of-breed protection and productivity
- **Prove Controls:** Address continuous compliance requirements imposed on the business and by cyber insurance providers
- **Consolidate:** Cut costs and eliminate redundant cybersecurity solutions
- **Improve Efficiency:** Deliver simple to use solutions designed to work together
- **Gain Expert Support:** Combat shortage of security professionals in the market

### Connection Calms the Confusion of IT

#### Solution

- 24x7x365 managed threat detection and response – “Eyes on Glass”
- Professional services for security awareness training, vulnerability, and assessments
- Manage your on-premises, multi-cloud, and Software-as-a-Service (SaaS) architectures
- Security architecture reviews and governance
- Implement SIEM or leverage existing, agnostic tool-sets

#### Benefits

- Compliance and cybersecurity integrated into ONE managed program
- Access to an entire team of cybersecurity and compliance experts
- Continuous compliance attestation for auditors, customers, partners, and insurance
- Remove security tool redundancy and consolidate suppliers
- Predictable monthly spend

**Certifications and Compliance Programs**

# Microsoft Security Stack Optimization
