POLY SOLUTIONS FOR EDUCATION

Distance education has been embraced by many organizations globally over the last few years, but it took a pandemic to expose the fact that most schools were not prepared to teach their students remotely at scale.

Today, many schools are using a “hybrid” or “blended” approach, with educators teaching a mix of students in the classroom and students at home. To be successful, teachers, students and administrators must have the right tools to ensure that these hybrid experiences are engaging and informative for all participants no matter where they are located.

Poly solutions support millions of educators and students globally, bringing the highest quality audio, video, and content sharing into the classroom, home and beyond.

EDUCATION BEYOND THE CLASSROOM

CONQUERING DISTANCE LEARNING

Classrooms are interactive and dynamic places. When factoring in hybrid learning, these are some of the things to consider:

- Teachers need to be clearly seen and heard so students can understand the lesson.
- Students need to be clearly seen and heard as they engage in discussions and ask questions.
- Teachers need to be able to move freely around the classroom.
- Equipment needs to be portable.
- IT staff needs to manage the equipment, whether it is being used inside or outside the school.

Poly solutions are here to make distance learning a little bit easier. Our audio and video devices are easy to set up and offer the connection you need. Poly devices can also be managed remotely, even when connected to a home network. We got your back.

The role of school administrators has never been more important. There are so many moving parts – from campuses being open or closed, to students keeping up with lesson plans, to parents having a voice in the entire process.

School leaders need the tools to support effective communications for board meetings, status updates, teacher evaluations, and preserving day-to-day business no matter where they are physically working.

Poly audio and video solutions can keep pace with an administrator's hectic day-to-day responsibilities, and they ensure the highest quality voice, video, and content sharing.

ADMINISTRATION

CONNECT HOW YOU WANT

End-to-end portfolio, centralized management, and global services for every workstyle and space in multi-vendor environments

VIDEO COMMUNICATIONS

CONFERENCE ROOM VIDEO SYSTEMS

DEVICES FOR

Small meeting spaces or classrooms needing an all-in-one system

POLY STUDIO X30 & POLY STUDIO X50

- Simple to use, with support for leading video services built right in with no PC or Mac required
- Advanced acoustic algorithms delivering stellar audio quality
- Incredible HD video quality
- Built-in wireless content sharing using Miracast, Airplay, and Poly Content App (standards-based only)
- Supports both corded and wireless headsets
- Electronic whiteboard and annotation

DEVICES FOR

Hybrid learning where instructors may need to teach from school or home

POLY STUDIO

- Simple USB connection to a PC or Mac running any video app or cloud service
- The best audio quality in its class
- Automatic speaker tracking
- Centrally managed to ease the burden on IT
- Supports both corded and wireless headsets

DEVICES FOR

Dedicated video conferencing system for medium or large sized classrooms

POLY G7500

- Dedicated video conferencing device
- Multi-camera capable
- Wireless content sharing
- Seamless integration with Zoom and other providers

DEVICES FOR

Schools and campuses where resources are shared

EDUCART 2

- 4K video quality
- Room-filling HD audio system
- Holds one monitor (available through other seller)
- Easy setup, sturdy side handles and durable swivel casters

AT THE DESK VIDEO SYSTEMS

DEVICES FOR

Students and teachers who need a compact, high quality webcam

POLY STUDIO P5

- Exceptional camera optics
- Automatic low-light compensation
- Brilliant colors optimized to make you look your best
- Camera view designed to show just you and not too much

DEVICES FOR

Teachers teaching from the classroom or at home

POLY STUDIO P15

- All-in-one device
- Exceptional camera optics
- High performance image sensor
- Automatic camera framing

DEVICES FOR

Administrators that are looking for the simplicity of a USB device while providing high quality audio and video experience.

POLY STUDIO P21

- High-performance enterprise-grade display
- Adjustable, dynamic ambient lighting
- Exceptional camera optics
- Easy-to-connect USB device
- Wireless mobile phone charging

DEVICES FOR

Large classrooms and lecture halls where remote participants enjoy an in-classroom experience

EAGLEEYE DIRECTOR II

- Remote students see every detail
- No manual control necessary
- Capture more of the room
- Keep students attention longer and reduce video fatigue

VOICE

CORDED HEADSETS

DEVICES FOR

Administrator in active or noisy environment such as the front office looking for a boomless, wired headset

BLACKWIRE 7225

- Active noise cancelling (ANC) to block out distracting sounds
- Pioneering boomless design with Poly clear talk technology
- Dynamic mute alert that senses and alerts user who talks when muted
- USB-A or USB-C connectivity
- Zoom compatible

DEVICES FOR

High call volume administrator needing corded headset for PC telephony

BLACKWIRE 5200 SERIES

- Connects to PC and Mac via USB/USB-C, smartphone, and tablet via 3.5mm
- Intuitive inline controls to answer/end calls, control volume, and mute
- Dynamic EQ feature that automatically adjusts audio for voice and multimedia use
- Zoom compatible

DEVICES FOR

Students or teachers needing an entry-level corded headset for PC telephony

BLACKWIRE 3200 SERIES

- Lightweight metal headband for durability and a customizable, comfortable fit
- Leatherette ear cushions that fold flat for easy portability (C3215/C3225)
- Intuitive inline controls for call answer/end, mute, volume +/-
- Mobile connectivity with USB/USB-C with 3.5mm (C3215/C3225)
- Zoom compatible

BLUETOOTH HEADSETS

DEVICES FOR

Students looking for on-the-go communications and music listening

VOYAGER 8200 UC

- Boomless, dual-paired omnidirectional microphones with enhanced digital signal processing (DSP)
- Dual-mode ANC that lets users choose their preferred noise-reduction level
- Smart sensors that route, auto-answer, and auto-mute calls
- Zoom compatible

DEVICES FOR

Administrators or teachers who need comfortable Bluetooth neckband with earbuds

VOYAGER 6200 UC

- Boomless design featuring four omnidirectional microphones and ANC
- Comfort-fit earbuds that deliver hi-fi stereo
- Neckband that vibrates to alert user to incoming calls
- Pairs with up to eight devices and connects to two simultaneously
- Zoom compatible

DEVICES FOR

Administrators who need a discreet, portable Bluetooth headset

VOYAGER 5200 UC

- All-day comfort, discreet wearing style
- Clear and professional communication
- Connectivity options (desk phone, PC/Mac, or mobile) that work the way users do
- Portable charging case for powering up anytime, anywhere
- Zoom compatible

DEVICES FOR

Busy office staff who want the convenience and comfort of a wireless headset

VOYAGER 4200 OFFICE SERIES

- Connects to desk phone, PC/Mac, or mobile phone with Bluetooth
- Range of up to 91m/300ft (line of sight) using Class 1 Bluetooth technology
- Choice of latest USB-C or current USB-A Bluetooth connectivity
- Stay connected all day with charging base options
- Dedicated Microsoft Team button on Microsoft Teams versions
- Zoom compatible

SPEAKERPHONES

DEVICES FOR

Teachers and administrators needing a Smart USB Bluetooth speakerphone

POLY SYNC 20

- Plug-and-play USB with convenient cord management
- Bluetooth adapter option for cordless connectivity to PC (Poly Sync 20+)
- Built in Bluetooth for mobile phone connectivity
- Up to 20 hours of talk time
- Ability to charge mobile phone

HEADSETS AND VIDEO KITS

DEVICES FOR

There is nothing that can improve remote education better than great audio and video.

POLY STUDIO P5 WITH POLY SYNC 20+

- Exceptional camera optics
- Brilliant colors and automatic low-light compensation
- Speakerphone wireless adapter connects directly to webcam
- Full duplex audio and three-microphone steerable array
- Bass reflex system with dual passive radiators
- Up to 20 hours of speakerphone battery life

DEVICES FOR

A great solution where there is a lot of background interferences

POLY STUDIO P5 WITH VOYAGER 4220 UC

- Exceptional camera optics
- Brilliant colors and automatic low-light compensation
- Headset wireless adapter connects directly to webcam
- Single-ear wearing style to stay tuned into the surrounding environment
- Crisp stereo audio and noise canceling dual headset mics
- Class 1 v5.0 Bluetooth® roaming for greater range and flexibility

DEVICES FOR

A solution where high quality audio and video are needed with all-day comfort wearability

POLY STUDIO P5 WITH BLACKWIRE 3325

- Exceptional camera optics
- Brilliant colors and automatic low-light compensation
- Hear every conversation clearly with crisp, stereo audio
- High-quality audio and noise canceling mics

DEVICES FOR

An economical solution that does not sacrifice audio or video quality with a high quality experience

POLY STUDIO P5 WITH BLACKWIRE 3210

- Exceptional camera optics
- Brilliant colors and automatic low-light compensation
- Single-ear wearing style to stay tuned into the surrounding environment
- High-quality audio and noise canceling mics

MANAGEMENT, SECURITY & GLOBAL SERVICES

POLY LENS

Make collaboration better for your employees, no matter where they work or the compatible device they choose. Poly Lens software gives you better visibility into modern workspaces across the entire organization, with a spotlight on how devices are being used. Getting started is simple as IT professionals can remotely provision, monitor, and troubleshoot all compatible Poly devices from a single pane of glass. Gain insights into device usage while increasing employee adoption rates and decreasing help desk tickets. The cloud-based architecture of Poly Lens provides seamless scalability while maintaining security without the heavy overhead of traditional IT management.
