Tech in a class of its own

Supporting and enhancing education

Collaboration

**Reshaping the learning experience
in the connected classroom**

Social Learning

**Seamless integration of education
across platforms—anywhere**

Connectivity

**Connect into a highly interactive
learning experience**

Tablet Solutions

Complete your classroom tablet solutions with accessories that enhance learning, pushing your devices past their intended use.

TABLET STAGE™

The spotlight's on classroom engagement.

- Stable, adjustable platform turns your tablet into an interactive presentation tool
- Adjustable LED light with two brightness settings illuminates the workspace
- Integrated cable management keeps USB and power cords out of the way
- Case-compatible design works with tablets from 7" to 11" diagonal
- Optimized for use with the Stage interactive whiteboard and document camera app. Available on the App Store℠ or Google Play™ store

B2B054

Stage App

PORTABLE TABLET STAGE™

Stage App

Put your lessons on Stage.

- Stable, adjustable platform turns your tablet into an interactive presentation tool
- Case-compatible design works with most tablets and smartphones
- Flexible and portable, designed for easy mobility
- Integrated cable management keeps USB and power cords out of the way
- Optimized for use with the Stage interactive whiteboard and document camera app. Available on the App Store or Google Play store
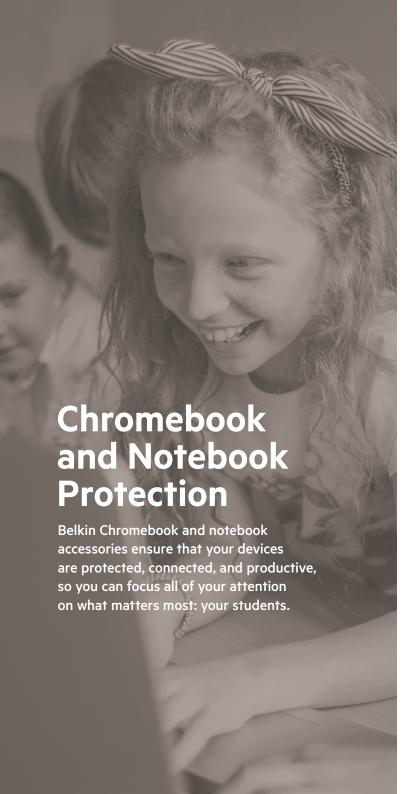

B2B118

UNIVERSAL HDMI® TO VGA ADAPTER KIT WITH AUDIO

Bridging the gap in education.

- HDMI-F to VGA-F adapter, HDMI-M to HDMI-M converter, 3.5mm audio cable (1m) and "anyone can install" instructions
- No drivers, software, or external power adapters needed
- Tested in USA-based labs and FCC and CE certified
- Supports Apple TV®, Chromecast™, Chromebook™ with HDMI, Roku® Streaming Stick™, Raspberry Pi™, full-power HDMI laptops, and several other AV devices

B2B137-BLK

Chromebook and Notebook Protection

Belkin Chromebook and notebook accessories ensure that your devices are protected, connected, and productive, so you can focus all of your attention on what matters most: your students.

AIR PROTECT™ ALWAYS-ON CASE

Open and learn with Air Protect Cases.

- Innovative, protective clips open the Chromebook/notebook and stay put without covering the display
- Six-sided shock-absorbing materials help protect against bumps and drops
- Thermal management features promote natural airflow in both open and closed positions
- Full tilt-back design allows for all screen positioning angles
- ID or asset tag window
- Exterior charger and accessory pocket
- Includes detachable shoulder strap and retractable carrying handle

Maximum internal dimensions/Fits devices up to: B2A074-C00 (11.8" x 8.2" x 1.1")
B2A073-C00 (13.8" x 9.5" x 1.1")

SNAP SHIELD PROTECTIVE CASE

Experience instant, snap-on, custom-fit protection.

- Individualized fit for specific devices
- Easy application minimizes setup and support time/costs
- Protects device from scratches
- Retractable feet provide adjustable keyboard angles for easier typing
- Full access to ports, buttons, and speakers
- Full access to asset tag through case

Compatibility: B2A080-C00 (MacBook Air® 11") B2A081-C00 (MacBook Air 13") B2A082-C00 (HP G2, G3, G4) B2A083-C00 (HP G5) B2A084-C00 (Lenovo N21, N22) B2A085-C00 (Acer C720, C740) B2A086-C00 (Samsung 3). Color: Clear
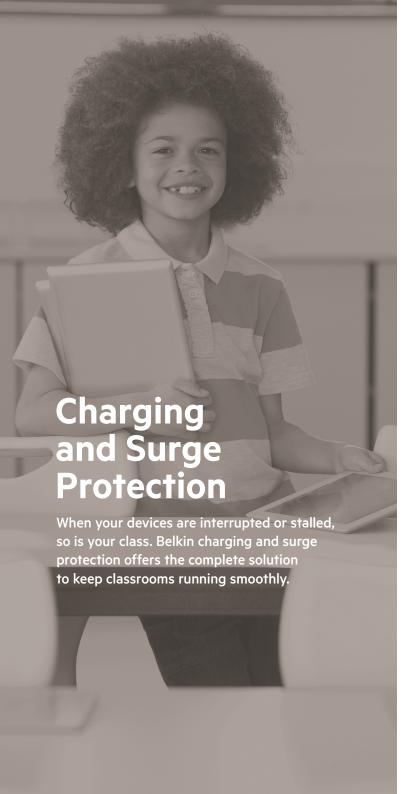

PROTECTIVE SLEEVE

Coverage to protect devices, no matter where they go.

- Protective padding and shock-absorbing material to keep devices safe in transit
- Comfortable and easy to carry with convenient retractable handle
- Sturdy, durable construction for constant mobility
- Additional storage pocket for accessories and supplies
- 11" sleeve in black, blue, and red; all others in black only

Maximum internal dimensions/Fits devices up to: B2B081-C00 (14.7" x 8.9" x 1.2") B2B064-C00 (14.1" x 10.2" x 1.2") B2B075-C00 (14.6" x 10.8" x 1.2")

Charging and Surge Protection

When your devices are interrupted or stalled, so is your class. Belkin charging and surge protection offers the complete solution to keep classrooms running smoothly.

INTRODUCING: STORE AND CHARGE GO

Universal storage and charging—now mobile.

Store and Charge Go is the ideal charging solution to save time in busy classrooms. Removable five-compartment trays allow for fast, easy distribution of devices among students. Easy-to-carry handles on the trays ensure maximum portability, to make transporting devices from the base unit safe, manageable, and convenient. The 10-device base unit is compact, wall- or desk-mountable, and houses all chargers and cables to reduce clutter.

- 2 x 5 unit removable trays provide portability for mobile devices
- Store and charge up to 10 Chromebook devices, laptops, or tablets simultaneously
- Base unit is wall-/desktop-mountable to save space
- Base unit houses all chargers and cables to minimize clutter
- AC/USB Compatible
- Includes surge-protected power source with $15,000 Connected Equipment Warranty*

B2B140 (AC version, configured with bins)
B2B141 (AC version, configured with fixed dividers)
B2B156 (optional mounting bracket)
B2B160 (USB version, configured with bins)
B2B161 (USB version, configured with fixed dividers)
*AC version only, USB version $5,000 Connected Equipment Warranty / Limited Lifetime

SECURE AND CHARGE

Easy deployment and support for classroom tablets.

- Lockable security enclosure deters tampering and theft
- Allows for wireless syncing
- Store and charge up to 10 iPad®, Android™, or Windows® tablets at easy-to-reach angles
- Compatible with devices and cases up to 13" diagonal and 1.18" thick
- Built-in cable management minimizes tangles and clutter
- Surface-mounting allows unit to be securely attached to tables or carts and are stackable to save space
- AC/USB Compatible
- Includes surge-protected power source with $15,000 Connected Equipment Warranty*

B2B117 (AC version) / B2B163 (USB version)
*AC version only, USB version $5,000 Connected Equipment Warranty / Limited Lifetime

STORE AND CHARGE STATION

Less hassle, more learning.

- Store and charge up to 10 devices, including laptops, tablets, and Chromebook devices
- Compatible with devices and cases up to 13" diagonal and 1.18" thick
- Built-in cable management minimizes tangles and clutter
- Open setup facilitates easy access and wireless syncing
- Mounting features attach securely to tables or AV carts
- AC/USB Compatible
- Includes surge-protected power source with $15,000 Connected Equipment Warranty*

B2B074 (AC version) / B2B162 (USB version)
*AC version only, USB version $5,000 Connected Equipment Warranty / Limited Lifetime

ROCKSTAR™ 10-PORT USB CHARGING STATION

Fast charging for mobile devices, x10.

- 10 x 2.4A USB-A ports optimally charge up to 10 mobile devices simultaneously
- 120W external power supply output ensures enough power for all devices
- Intelligent charging delivers correct output to each connected device
- Backed by a $5,000 Connected Equipment Warranty*

B2B139 / *Limited Lifetime

MEETING ROOM POWER CENTER

Easy access to four AC power outlets and eight USB fast-charging ports for mobile devices.

- Heavy base keeps product stable on the table
- 1080-Joule energy rating provides superior power protection for all your sensitive mobile devices
- Four standard AC power outlets for conventional power cords
- Eight USB fast-charging ports, compatible with all USB-powered devices
- LED surge protection indicator shows that equipment is grounded and protected and is backed by $25,000 Connected Equipment Warranty*

B2E031tt06-BLK / *Limited Lifetime

Secure Wired Keyboards

Belkin secure wired keyboards help ensure test validity, eliminate Bluetooth® vulnerability, increase network security, and create a better computer learning environment.

WIRED KEYBOARD WITH STAND FOR TABLETS

The ideal companion for your tablets.

- Two connecting variations available:
  - Lightning® connector MFi Certified by Apple for use with iPad® devices
  - USB-C® connector version compatible with Chrome OS™ tablets
- SBAC and PARCC testing compliant
- Integrated case-compatible stand allows portrait or landscape orientation
- Plug and play—no additional software required
- Durable, stackable design
- Cable management compartment
- No batteries or charging required

B2B130 (Lightning connector) / B2B191 (USB-C connector)

SECURE WIRED KEYBOARD FOR TABLETS

Connects directly and securely and it does not require batteries or recharging.

- Two connecting variations available:
  - Lightning connector MFi Certified by Apple for use with iPad devices
  - USB-C connector version compatible with Chrome OS tablets
- Plug and play—no additional software required
- Full-size keys
- "Correct connect" diagnostic indicator
- Durable, lightweight design
- Multimedia control keys
- Well-spaced keys for comfortable typing

B2B124 (Lightning connector) / B2B190 (USB-C connector)

Thunderbolt™ 3 & USB-C

Thunderbolt 3 and USB-C deliver super-fast data transfer, high-definition visuals, and power pass-through for laptops to improve collaborative learning for students, while enabling the mixing of legacy devices (with VGA, HDMI, DVI) and new devices (USB-C).

THUNDERBOLT 3 MINI DOCK WITH 4K DUAL HDMI

- Mac® & PC compatibility
- Dual 4K60 HDMI monitor support
- Single-cable compact workstation
- USB-A 3.0 and USB-A 2.0

F4U098bt

USB-C MULTIMEDIA HUB + POWER

- Mac & PC compatibility
- Power pass-through up to 60W
- 5 Gbps of bandwidth
- USB-A 3.0
- HDMI 4K30
- Gigabit Ethernet
- SD Card Reader

F4U092btSGY

0.8M THUNDERBOLT 3 CABLE

- 40 Gbps
- Ultra HD
- Power delivery up to 100W

F2CD084bt0.8MBK

Next-Gen Thunderbolt 3 Docks

With options for both, Belkin's Thunderbolt 3 Docks are a great solution for schools using a mix of macOS® and Windows devices. Super-fast data transfer, high-def visuals, and power pass-through improves efficiency in desktops and computer labs.

THUNDERBOLT 3 DOCK PRO WITH 0.8M CABLE

For the High-Powered Workstation

- Universal compatibility with Mac/Windows
- Works with Thunderbolt 3 and USB-C host devices
- Dual 4K displays
- Power Delivery up to 85W

F4U097tt

THUNDERBOLT 3 DOCK PLUS WITH 0.5M CABLE

For the Collaborative Workspace

- Universal compatibility with Mac/Windows
- Works with Thunderbolt 3 and USB-C host devices
- Dual 4K displays
- Power Delivery up to 60W

F4U109tt

THUNDERBOLT 3 DOCK CORE

For the Compact Desktop

- Universal compatibility with Mac/Windows
- Works with Thunderbolt 3 host devices
- Dual 4K displays
- Power Delivery up to 60W

F4U110bt

USB-C ADAPTERS

USB-C TO VGA
+ CHARGE ADAPTER (60W)

- Plug-and-play adapter
- Display content from a USB-C device while staying charged
- Power delivery up to 60W

AVC001BK-BL

USB-C TO HDMI
+ CHARGE ADAPTER (60W)

- Plug-and-play adapter
- Display content from a USB-C device while staying charged
- Power delivery up to 60W

AVC002BK-BL

USB-C VIDEO ADAPTER

- Plug-and-play adapter
- Display video content from a USB-C device to any legacy device: HDMI, DVI, DisplayPort™, or VGA

AVC003BK-BL

USB-C TO ETHERNET
+ CHARGE ADAPTER (60W)

- Plug-and-play adapter
- Connect a USB-C device to Internet at reliable Gigabit speeds while staying charged
- Power delivery up to 60W

INC001BK-BL

USB-C MULTIMEDIA
+ CHARGE ADAPTER (100W)

- Plug-and-play adapter
- Connect a USB-C device to multiple peripherals (HDMI, VGA, USB-A, Gigabit Ethernet, USB-C PD) while staying charged
- Power delivery up to 100W

AVC004BK-BL

USB-C MULTIMEDIA ADAPTER

- Plug-and-play adapter
- Connect a USB-C device to multiple peripherals (HDMI, VGA, USB-A, Gigabit Ethernet) while staying charged

AVC005BK-BL

KVM Rack Consoles & Switches

Deliver enhanced connectivity for IT administration and classrooms by sharing peripherals across multiple computers.

18.5" 1U RACK-MOUNT KVM CONSOLE

Access any server in an IT closet or server room through a rack-mounted console combining monitor, keyboard, touchpad, and optional KVM switches designed for easy installation and intuitive operation.

- Enhanced viewing area – high-resolution LCD provides a clear, wide viewing area ideal for performing serval tasks simultaneously
- Compact design – accommodate your keyboard, touchpad, monitor, and KVM switch within a 1U rack, saving you valuable rack space
- Screwless rail designs, adjustable rails, and a lighter, slim build allow for hassle-free installation
- Compatible with multiple cabinet and system configurations
- Does not require a bracket configuration
- User-friendly interface, easy grip handle and automatic locks

Available with zero, 8, and 16-port KVM modules (F1DC101V, F1DC108V, F1DC116V)
Expandable to up to 256 servers with use of Pro 3 KVMs

PRO 3 KVMS

Connect and control 4, 8, or 16 servers in an IT closet or server room environment. Expandable to up to 256 servers and fully compliant with Belkin rack-mount consoles.

- Micro-cabling technology reduces cable bulk by 55% when compared to conventional KVM cabling
- USB & PS/2 compatibility gives expanded connectivity in a mixed server environment
- Dedicated daisy-chain ports let you expand your KVM configuration without sacrificing CPU ports
- Saves setup time and simplifies viewing and switching between multiple servers with OSD
- Provides continuous server monitoring with programmable AutoScan and hot keys
- Ensures consistent compatibility with flash-upgradable firmware

Select capacity to meet your needs (F1DA104Z, F1DA108Z, F1DA116Z)

CLASSROOM KVM SOLUTIONS

Secure KVMs allow multiple computers to share the same keyboard, mouse, and monitor without allowing viruses and malware to migrate from one system to the other.

- Integrated cables – included with product, easy to install
- DisplayPort support – compatible with Chromebook and desktop computers and supports 4K resolution of 3840x2160 (@30Hz)
- Remote control – for easy placement & control
- Hardware-based peripheral isolation – no dependency on firmware, no keyboard buffering or memory
- Security provisions designed for government and military applications available to everyone
